

international projects

EU – funded projects started in 2011

seventh framework programme – projects coordinated by UA

Integrated water resources and coastal zone management in European lagoons in the context of climate change

Nanoelectromechanical motion in functional materials (ITN)

seventh framework programme

Dopant-surface interactions in silicon nanoclusters

Smart intelligent aircraft structures

Technology platform for point-of-care diagnostics for tropical diseases – EU

Robustness by autonomous competence enhancement

Producing a shared vision on how to harness research & development for sustainable development

Enhancing scanning Ion-selective electrode technique

Enhancing the capacities of the ELIRI Research Institute in applied research to enable the integration of Moldava in the European Research Area on the basis of scientific excellence

research fund for coal and steel

Modelling of atmospheric corrosion of steel protected by aluminium based alloys, applied by hot dip processing

Durability of adhesively bonded surfaces finished galvanized steels in corrosive environments

Fire design of steel members with welded to hot-rolled class 4 cross-section

Membrane action in fire design of composite slab with solid and cellular steel beams

interreg iv

Rede de cooperação e transferência para a aplicação de materiais de alto valor acrescentado com base em nanopartículas carbonosas no sector automóvel e da construção"

Red International en análisis de ciclo de vida y ecodiseño para la innovación ambiental de la tecnología

Aproveitamento energético da biomassa em recursos hídricos degradados ricos em microalgas

poctep – cooperação transfronteiriça Portugal-Espanha 2007-2013

Observatorio marino del margen ibérico y del litoral

Transferência de ferramentas para la evaluación, ordenación, gestión y educación ambiental en estuários

Innovation Network Spain-Portugal – Rede de Transferência de conhecimento Universidade – Empresa.

Rede Centro de Portugal - Castilha Y León

life+ – project coordinated by UA

Conservation of marine protected species in Mainland Portugal

life+

Bussaco's recovery from invasions generating habitat threats

lifelong learning

Competence assessment and development of potential entrepreneur

Turning European placements into a learning environment for entrepreneurial skills – as a key competence of graduates of European universities

Improving hydrogen energy knowledge around European Union
